

To the EuroPKI Italian CA
c/o Politecnico di Torino

Subject: request for a public-key certificate

I undersigned , by subscribing this declaration ask the EuroPKI Italian CA (below shortly referenced as CA) to issue a X.509v3 public-key certificate in order to guarantee the association between my own public key and my identity.

To this end, with this request I declare that :

- ◆ I have looked over and I accept the policies and the CPS (Certificate Practice Statement) of the CA that are available at the following URL

<http://www.europki.org/ca/it/cps/1.1/>

- ◆ I'm conscious that the security of the hardware or software devices which make use of the public key certificates is strictly related with the correct preservation of the corresponding private key. I also declare that I'm the only one who access this private key
- ◆ I accept that during the utilization period of the certificate, the responsibility of the CA is restricted to the guaranteed controls specified either in the policies and the security measures adopted to protect the private key of the CA
- ◆ I authorize the CA to process and to store my personal data[†]
- ◆ I authorize the CA to publish my issued certificate
- ◆ I have full and exclusive control of the following EMAIL address which I ask to be included in the certificate:

.....

Locality

Date

Last Name

First Name

Signature

[†] The processing and the storage of the personal data collected from the CA, are done by obeying the principles of correctness, legality and transparency as indicated in the law 675/96 (law for the protection of people and other subjects with respect to the processing of personal data). More specifically, the article 10 of the cited law states that:

- ◆ collection of data is done only with the purpose of verifying the identity of the subject who made the certification request
- ◆ the data contained in the documents (or in the copies) that have been presented for the proof of the identity will not be communicated to other subjects
